

To Potential Sponsors and Business Partners:

Long Island is home to more than 2,000 individuals who are diagnosed with Complex Regional Pain Syndrome (CRPS) - an incurable and disabling disorder that is considered the most painful condition known to man. CRPS is even rated more painful than cancer, amputation and childbirth. We invite you to partner with us for an exclusive community awareness event on LI that will introduce you to people with CRPS who can potentially boost your business, while also supporting a community of local patients, and creating awareness for this disorder.

WHAT: RSDSA 4th Annual Long Island Walk & Expo for Complex Regional Pain Syndrome

WHEN: September 7, 2019, 8 am – 2 pm

WHERE: Eisenhower Park, East Meadow, NY at Dogwood Picnic Area

WHO: Reflex Sympathetic Dystrophy Syndrome Association (RSDSA)

WHY: People with CRPS (formerly called Reflex Sympathetic Dystrophy) have limited effective treatments and no cure for chronic pain that ranks the highest on the McGill Pain Scale.

Become one of RSDSA's VIP sponsors for the 2019 Long Island CRPS Awareness Walk and Expo! Here are some of the ways you can partner with RSDSA for this event. You do not need be present at the event to become involved.

- Sponsorship Opportunities (see attached sponsorship agreement)
- Donation of Goods and Services
- In-Kind Donations
- Prizes for the event raffle

RSDSA 2019 Long Island Sponsorship Levels:

- \$1,000 + - company logo included on the RSDSA LI event banner and recognition in the event marketing materials
- \$500 + - opportunity to host an exclusive table at the event. Priority will be given to early sponsorship commitments.

RSDSA Long Island Event Success – Each year has proven to be bigger and better than the last!

- Since its inception in 2016 RSDSA's Long Island Awareness Walk & Expo for CRPS has attracted a captive, qualified audience of nearly 2,000 people with CRPS and their supporters.
- To date, the LI events for RSDSA have raised more than \$150,000 for CRPS research, education, advocacy, and emergency patient services.

CRPS can happen to anyone. The disorder develops following a trauma of any kind -- often after surgery, fracture, crush injury or sprain. Yet most people and many doctors have never heard of CRPS and fail to properly diagnose and treat it. Symptoms include long-term and constant burning pain, swelling, weakness, skin alterations, intolerable temperature changes and pain so debilitating that it has driven some people to commit suicide.

RSDSA is a national not-for-profit organization which relies on outside funding to support its mission of helping people with CRPS lead better lives. All product /service donations are tax deductible. RSDSA's EIN is 22-255-9139.

We look forward to having the opportunity to work with you and having you as a sponsor. Please don't hesitate to contact us to discuss your interest or any questions.

Sincerely,

The RSDSA 2019 LI Walk Committee
